The cross references to manufacturer part numbers listed here serve as a recommendation that the Agilent CrossLab products are viable alternatives to the manufacturer's products. Although Agilent CrossLab products may have, in some cases, slightly different designs as compared to the manufacturer's counterparts, Agilent CrossLab products are compatible with the corresponding Shimadzu instruments. All Agilent CrossLab supplies are backed by Agilent's 90-day warranty and money-back guarantee.

Ultra Inert deactivation for improved performance and confidence. Every Agilent CrossLab Ultra Inert Liner.

- Achieves accurate analysis of active compounds at nanogram levels, even with glass wool.
- Increases lab productivity by reducing maintenance and recalibration.
- Is certified for consistent quality and reproducible results.

Agliant 4-

Clear, 2 mL wide opening (9 mm) screw top glass vials, 8010-0015

Innovative, easy-to-use packaging

Agilent CrossLab GC supplies improve overall lab productivity and throughput with:

- Individual blister packs for non-stick plasma-treated inlet septa.
- Touchless packaging of inlet liners.
- Individual dial packs for liner O-rings and column ferrules.
- Proprietary crush barrier for vials.
